

Dear Mrs. Masic,

Thank you so much for letting me visit Barton House last week! I learned so much and feel so much better prepared for (hopefully) future interviews. I'm so grateful you & everyone there were so welcoming and willing to talk to me and show me around. Barton House is an amazing facility and I can only hope to work in a place as admirable as it is. Thank you so much again, you really helped me a tremendous amount and I will always be so grateful!

Best,

Lila ☺

Elizabeth,

You guys have been a supportive family for me these last 3½ years. So say "thank you" seems so inadequate, but it's the best that I can do.

I am truly grateful for the care you gave my mom - I count Barton House as one of my many blessings!

Debbie

Dear Ms Masie,

I had the opportunity to meet you a few weeks ago when visiting my Mother, Esther.

Thank you so much for the care you and your staff are providing for Mom and the other residents.

Both Cynda, my sister, and

I are grateful for the welcome we receive when visiting. Which appears to us to

be just another example of the caring community you have established at Barton House. Over and over, again we witnessed positive redirection, kind attention to Mom's needs, and caring interactions.

We appreciate the work you and the Barton House staff does to enrich Mom's life.

Most sincere thanks,

Carol

Dear Elizabeth,

Merry Christmas to the Larson House team! The kindness and care your staff provided to Neal in his final year of life meant so much to him and to our family.

Please apply this small gift to your staff holiday gift fund in his memory.

Sincerely,
Rita

Thank you for allowing
us to entrust Ernestine's
care to the Barton House
for the past ten years.
We are forever grateful,

Becca and Tina

Thank you for everything you've done this year to take care of our mom.

You have cleaned and cooked and kept the surroundings beautiful.

You have fed her, bathed her and tucked her in at night.

You've answered our daily phone calls and helped us feel connected.

You have social-distanced, washed your hands and worn a mask.

And many of you have done what we thought only we could do...

You have loved her.

This year our family grew by 23 people and we are forever grateful.
